ABOUT COMPANY

Motto is one of the most dynamic & productive brands of the modern ceramic world that is brought to life by a visionary person Mr. Mahendra Patel. Over the years the company has developed manifold.

Since 2004 - the inception year, to today we have expanded our reach to national & international arenas with a capillary presence in more than 70+ countries with 2500 satisfied customers.

QUALITY AND PRODUCTION

Motto stands out in the industry with its commitment to delivering high-quality tiles and slabs made from the highest quality raw materials and released in the market after undergoing stringent quality checks. Each tile and slab is meticulously tested to ensure it meets the highest standards of durability and aesthetic properties, providing customers with reliable and visually stunning options for their projects.

Finest skills clubbed with state of the art technology have helped us to carve a niche, which is stamped by authorities as we are ISO 9001 : 2018 Certified. Overall the company has marked its position as the leading Manufacturer, Exporter and Supplier of the exquisite Ceramic Porcelain Tiles for Wall & Floor.

Innovation at the core Motto as a company continuously explores new materials and manufacturing techniques. By integrating the latest technology and design, we not only enhance products' functionality but also keep pace with evolving design trends. This dedication to quality and innovation makes Motto a trusted choice for architects, designers, and homeowners alike.

AT MOTTO, INNOVATION TAKES PRECEDENCE. STAYING AHEAD OF THE GAME, MOTTO EMPLOYS CUTTING-EDGE TECHNOLOGY IN THE INDUSTRY TO CRAFT PRODUCTS THAT SET BENCHMARKS AND PUSH THE BOUNDARIES OF QUALITY, DESIGN, AND INNOVATION, ENSURING EACH PRODUCT DEMARCATES DEFINITION OF EXCELLENCE.

EXPERIENCE SURFACE INNOVATION
FIRSTHAND AND THE PERFECT CONFLUENCE
OF BEAUTY AND FUNCTIONALITY.

01
DIGI MATT 5.0

Digi Matt 5.0 offers advanced surface solutions and is a worthy successor to the highly celebrated finish. The finish combines the practical aspect of matt finish with the aesthetic aspect of glossy surfaces. It delivers them in one finish with added strength and resilience for a wider range of applications.

02
DIGI MATT

A perfect blend of understated luxury and practical functionality, the Digi Matt is an unrivaled champion in modern world surfaces. Applauded for its aesthetics and practicality, the exceptional finish combines a matt smooth feel with a luxurious sheen, offering the best of both worlds.

EDGE PROFILES

Motto's products are available in various colors and materials, all with one thing in common: They are designed to be strong and resilient and withstand load and wear over time. Crafted in 15mm thickness, the cutouts of the collection's slabs come out exceptional, and the edges of these slabs can be designed to give them the desired edge profile to offer your spaces added safety, security, design, and aesthetic sophistication.

WORKING WITH THE VARIOUS
VERSIONS OF SLAB

CUTTING WITH DIAMOND DISCS

Our products can be cut using diamond discs fitted onto the hand-held electrical grinding machine. The speed of Disc rotation must be high (>10000 RPM) and should have a low feed rate (< 1 m/min). It may be required to cool the disc with water. Recommended discs are the thin types generally used for cutting porcelain stoneware. The surface should be kept on a FLAT base while cutting without any gap underneath.

DRILLING

You can use cutting discs fitted to battery-operated screwdrivers or angle grinders, or electrical drills as an alternative.

INTERNAL CUT/L-SHAPED CUT

To get internal and L-shaped corners & to reduce the risk of breakage, cut 'o' at the vertex of the internal corners using bits with a radius of at least 5mm. Then cut with diamond discs, be cautious to stop moving the cutting tool forward. To drill and cut using diamond discs, and more follow the instructions provided below:

- When using these tools:
- Cool the point being drilled with water
 - Don't put too much pressure and bear in mind the resistance of the type of laminated stoneware you are working on
 - If you are using tungsten bits, start drilling at a low speed
 - If you are using drills or screwdrivers, do not select hammering mode

EDGE-FINISHING

INSTRUCTIONS FOR MANUAL INSTALLATION

SINGLE LAYER METHOD

DOUBLE-LAYER METHOD

COMPRESSING THE SLAB

IMPORTANT

All cutout corners must have a minimum diameter of 1/4". Never leave 90° angles. We recommend a radius of more than 1/4" when the kitchen design allows as it makes the countertop firmer.

✗ INCORRECT

✗ INCORRECT

CLEANING & MAINTENANCE

Our products are non porous (due to their high quality raw materials, stringent production parameters and state of the art technology), hence any dust or deposited waste cannot penetrate the surface.

For most cases only a damp cloth is sufficient for cleaning.

Regular cleaning highlights the aesthetic features of the surface and gives it exceptional shine.

For highly aggressive cleaning caused by some common food and substances follow the table below.

TYPE OF STAIN	CHEMICAL PRODUCT	EXAMPLE
Grease	Alkaline - Solvent	Detergent
Oil	Solvent	Ammonia, Baking Soda
Ink	Oxidant - Solvent	Alcohol, Liquid Bleach, Nail Paint Remover
Rust	Acid	Hydrochloric Acid, Vinegar, Red Harpic
Lime	Acid	Descaling Agents, Hydrochloric Acid
Cement	Acid	Hydrochloric Acid
Wine	Alkaline	Ammonia, Liquid Bleach
Coffee	Alkaline - Solvent	Ammonia, Liquid Bleach
Rubber	Solvent	Alcohol, Thinner
Plaster	Acid	Hydrochloric Acid
Candle Wax	Solvent	Alcohol, Thinner
Iodine	Oxidant	Liquid Bleach
Blood	Oxidant	Liquid Bleach
Ice Cream	Alkaline	Liquid Bleach

Note: It is recommended that any kind of stain needs to be cleaned immediately, as soon as possible.
